

Event jointly organized with SCIEX official distributor 

Wednesday, 4 October 2023 | 10:00 a.m. – 03:00 p.m. | Haller Gardens Office Building – Conference room | 1095 Budapest, Hungary | Soroksári út 32-34. Please find the entrance from Szent Benedek utca

SCIEX and Per-Form invite you to learn about the latest applications and tools for Liquid chromatography mass spectrometry

- Latest advances in pharma and environmental testing applications
- Latest advances in nitrosamine analysis
- Recent developments in the use of LC-MS/MS in HT-ADME/TOX studies

Agenda

Morning session

- 09:30** Registration & coffee
- 10:00** Welcome
Dániel Jurdi, Head of Sales, Per-Form
- 10:15** Welcome & introduction to SCIEX
Günther Sladek, Channel Manager, SCIEX
- 10:30** Kihívások és megoldások a nitrózaminok mennyiségi meghatározásában [Challenges and solutions in the quantitation of nitrosamines]
Pál Szabó, MS Metabolomics Research Laboratory, Research Centre for Natural Sciences
- 10:50** Achieving new levels of quantification: enhanced sensitivity with the SCIEX 7500 system [PFAS and nitrosamines]
Marialuce Maldini, Advanced Workflow Specialist Channel Markets EMEA, SCIEX
- 11:20** A technológia határán: Nagy áteresztőképességű kvantitatív LC-MS/MS módszerek fejlesztése SCIEX platformokon [On the edge of technology: development of high-throughput quantitative LC-MS/MS methods on SCIEX platforms]
Zoltán Urbán, Charles River Laboratories Hungary Kft
- 12:00** Lunch break

Event jointly organized with SCIEX official distributor 

Afternoon session

- 13:00** Combining qualitative and quantitative workflows: the revolution with the ZenoTOF 7600 system in omics
Marialuce Maldini, Advanced Workflow Specialist Channel Markets EMEA, SCIEX
- 13:45** Membrán transzporterek és metabolizmus kísérletek bioanalitikája [Membrane transporters and metabolism assays' bioanalysis]
Tímea Orosz-Kéri, Charles River Laboratories Hungary Kft
- 14:10** MetEAD - How to better identify Drug metabolites using new technology
Ferran Sánchez, Market Development Manager Pharma/CRO EMEA, SCIEX
- 14:40** N-Nitrózaminok vizsgálata gyógyszeripari környezetben [Analysis of N-Nitrosamines in pharma industry]
Bence Halmi, Gedeon Richter Plc
- 15:00** Feedback, wrap up and closing remarks
Dávid Göblyös, Sales Specialist, Per-Form
